

Guidelines lending equipment.

1. Guidelines Kite, Harness, and kite board:

- 1.1. Members who attend courses will be provided with the necessary kite equipment to complete the course. For summer/winter this does not include wetsuit or skiing/snowboarding equipment. However, NTNUI kite will be able to provide guidance in obtaining this equipment. We recommend the use of your own wetsuit for hygiene purposes.
- 1.2. Always bring and use a helmet. If you do not have a helmet NTNUI kite can provide one for you upon request.
- 1.3. Members of NTNUI Kite can book and rent equipment from NTNUI Kite on arranged trips at the specified price under item 2.
- 1.4. Members who have completed courses and are independent kites can rent equipment for up to 2 weeks for private tours*.
 - 1.4.1. * Reservation that no tour / course will be held under the auspices of NTNUI kite during the period in question
 - 1.4.2. * The board reserves the right to decide whether the skill level is good enough to be able to rent equipment.
- 1.5. The primarily purpose of the equipment is to train new kites. In addition, by having a wide selection of kites and brands we wish to give our members the opportunity to test a wide selection of equipment before potentially investing in their own equipment. This allows our members to get a feel for what kind of equipment works best for them. This helps us to focus on providing high-quality kite equipment for courses.

2. Prices:

2.1. Price table:

Description	Daily rate	NTNUI tours**	Tour Price (3 days)	Weekly rate
Kite	150 NOK*	500	500 NOK***	500 NOK***
